## ABOUT AEP TEXAS

AEP Texas is connected to over one million customers in the deregulated Texas retail electric marketplace. As an energy delivery (wires) company, AEP Texas delivers electricity safely and reliably to homes, businesses and industry across its nearly 100,000 square mile service territory in south and west Texas. AEP Texas also builds new power lines, restores service following outages and reads the meters via advanced meter technology for retail electric providers (REPs) throughout its service territory. The company also connects or disconnects service upon orders from the REPs. Connect with AEP Texas at [AEPTexas.com](http://AEPTexas.com), on Facebook and on X @aeptexas.
